

# IDENTITY

One of the best ways to ensure your identity is not stolen is to be rooted in the truth of who you are and to have record of your unique makeup, like your fingerprints.

Your fingerprints are an infallible means of personal identification, because the pattern on every finger of EVERY human being is unique and does not alter with growth or age. 1 Peter 2:9-10 provides five fingerprints of your true identity. These five fingerprints prove that you are: chosen, holy and belonging to God, eternally loved, totally forgiven, and are fully capable.
